PROFESSIONAL PROFILE

Highly accomplished Senior Aerospace Engineering Professional with over 28 years of profound expertise specializing in aircraft electrical installation, avionics support, functional testing, troubleshooting, harness installation, mock-up development, and aircraft maintenance. Demonstrates a distinguished career path at PT Dirgantara Indonesia (Indonesian Aerospace), possessing extensive hands-on experience across major national aircraft programs including NC-212, CN-235, N-250, and N-230. Recognized for meticulous precision, engineering leadership, and an absolute commitment to aviation safety and operational excellence across domestic and international deployments.

PERSONAL DATA

Full Name	H. Djadjang Sudradjat
Place & Date of Birth	Bandung, January 7, 1957
Religion	Muslim
Marital Status	Married
Nationality	Indonesian
Physical Details	Height: 173 cm Weight: 78 kg
Residential Address	Jalan Terusan Pasirkoja, Kec. Sukahaji, Kel. Babakan Ciparay, RT 009 RW 004, Bandung City 40221, West Java, Indonesia

CORE EXPERTISE & COMPETENCIES

- Aircraft Electrical & Avionics Systems
- Functional Testing & System Verification
- Mock-Up Development & Prototyping
- International Project Deployment
- Harness Installation & Power System Testing
- Advanced Fault Isolation & Troubleshooting
- Technical Documentation & Engineering Support
- Aviation Safety & Quality Assurance

PROFESSIONAL EXPERIENCE

PT DIRGANTARA INDONESIA (Indonesian Aerospace) | 1983 – 2012

Senior Aircraft Electrical & Avionics Technician

- Aircraft Electrical Installation (NC-212 & CN-235 Programs): Fully responsible within the AEI Shop for assembly, installation, and integration of aircraft electrical systems at manufacturing areas KP 1 and KP 2 (1983 - 1993).
- Electrical Installation Technician (F-16 Project): Served as a specialized technician in manufacturing and installing electrical infrastructure components (wiring harnesses) for the F-16 fighter jet program.
- AEI Tester & System Verification (CN-235): Led operational functional testing of AEI systems directly on aircraft, conducting system compliance verification and flight-line troubleshooting to guarantee airworthiness (1993 - 2005).

- Mock-Up Development Specialist (N-250 / N-230 Programs): Supported technical wire architecture design, initial installation, functional testing, and cross-functional technical coordination for advanced prototype development (1994 - 2005).
- Aircraft Maintenance Technician (ACS Division): Executed heavy aircraft maintenance, scheduled system inspections, complex technical fault rectifications, and provided full operational support to maximize fleet readiness (2007 - 2012).

Technical Assignments & International Projects

- **Singapore (Singapore Air Show, 1998):** Display Test Support Specialist for the international technology presentation and showcase of the N-250 aircraft mock-up.
- **South Korea (2002):** Executed harness installations for the Countermeasures Dispenser System (CMDS) on the CN-235 aircraft fleet.
- **Italy (Sirio Panel, 2004):** Completed advanced training and system evaluation for NVG (Night Vision Goggles) Light Testing to enhance tactical aircraft lighting competence.
- **Burkina Faso (West Africa, 2009):** Served as Lead Technician for wiring harness installation and power system functional testing on CN-235 aircraft during foreign deployment.
- **Malaysia (Royal Malaysian Air Force - TUDM, 2006):** Provided advanced technical support and optimization for the Temperature Brake Indicator System on the military fleet.

Aerospace Workshops & Specialized Contracts (2014 – 2017)

- **PT Rekatindo / GMF Cengkareng (2016 – 2017):** Engine Exhaust System Workshop - Specialist Harness Installation & Inspection Technician
- **PT Derazona Air / Juanda Airport (2016):** Avionics System Integration Technician for TCAS & GPS systems on Bell Helicopters
- **PT Indotek / Skadik 14 & 23 Halim (2015 – 2016):** Specialist Harness Technician for HF Communication Systems (Colibri Aircraft) & Electronic Flight Instrument System (EFIS) Workshop
- **PT Mayora Indonesia / Cikupa (2014 – 2015):** Industrial Wiring Harness Technician for PLC-based Automation Systems

EDUCATION

- **Aviation Electronics Technical High School (STME Angkasa) (1974 – 1976)** - Specialized focus on Electronics and Aerospace Systems
- **Junior High School VII (SMP 7) (1971 – 1973)** - General Secondary Education
- **Raya Barat Public Elementary School (SDN Raya Barat) (1965 – 1970)** - Primary Education

LICENSES, CERTIFICATIONS & CREDENTIALS

- LICENSE CARD / LICENSE: Crimping of Electric - PT DI / IAe
- LICENSE CARD / LICENSE: Electrical Connection 1 & 2 - PT DI / IAe
- CERTIFICATE: Electrical Bonding and Grounding (Validation Ref: 2005 & 2006)
- MANUFACTURER CERTIFICATE (OEM): Air Data Tester - Smith Industries
- CERTIFICATE: Training General Dynamic F-16 Electrical Integration
- CERTIFICATE: Crimping and Soldering - PT DI / IAe
- CERTIFICATE: Vocational Technical Aircraft Electricity - PT DI / IAe
- CERTIFICATE: Aircraft Electrical System C2 & C4 - PT DI / IAe
- CERTIFICATE: Human Factor Training & IAe Human Factor Training
- CERTIFICATE: Training of Trainers (ToT)

PROFIL PROFESIONAL

Profesional senior di bidang kedirgantaraan dengan pengalaman mendalam lebih dari 28 tahun yang berspesialisasi dalam aircraft electrical installation, avionics support, functional test, troubleshooting, harness installation, mock-up development, serta aircraft maintenance. Memiliki rekam jejak panjang dan prestisius di PT Dirgantara Indonesia (Indonesian Aerospace) dengan keterlibatan penuh pada berbagai program strategis nasional seperti NC-212, CN-235, N-250, dan N-230. Dikenal luas atas ketelitian tinggi, kepemimpinan teknis, serta dedikasi mutlak terhadap standar keselamatan penerbangan dan kualitas operasional baik dalam penugasan domestik maupun internasional.

DATA PRIBADI

Nama Lengkap	H. Djadjang Sudradjat
Tempat, Tanggal Lahir	Bandung, 7 Januari 1957
Agama	Islam
Status Pernikahan	Menikah
Kebangsaan	Indonesia
Fisik	Tinggi: 173 cm Berat: 78 kg
Alamat Domisili	Jalan Terusan Pasirkoja, Kec. Sukahaji, Kel. Babakan Ciparay, RT 009 RW 004, Kota Bandung 40221, Jawa Barat, Indonesia

KEAHLIAN UTAMA & KOMPETENSI

- Aircraft Electrical & Avionics Systems
- Functional Testing & System Verification
- Mock-Up Development & Prototyping
- International Project Deployment
- Harness Installation & Power System Testing
- Advanced Fault Isolation & Troubleshooting
- Technical Documentation & Engineering Support
- Aviation Safety & Quality Assurance

PENGALAMAN KERJA

PT DIRGANTARA INDONESIA (Indonesian Aerospace) | 1983 – 2012

Senior Aircraft Electrical & Avionics Technician

- Aircraft Electrical Installation (Program NC-212 & CN-235): Bertanggung jawab penuh pada AEI Shop untuk perakitan, pemasangan, dan integrasi sistem kelistrikan di area manufaktur KP 1 dan KP 2 (1983 - 1993).
- Electrical Installation Technician (Proyek F-16): Teknisi spesialis dalam fabrikasi serta instalasi komponen infrastruktur kelistrikan (electrical harness) untuk program pesawat tempur F-16.
- AEI Tester & System Verification (CN-235): Memimpin pengujian fungsional sistem AEI langsung pada pesawat, verifikasi sistem kelaikan, serta troubleshooting di flight line guna memastikan kelaikan terbang (1993 - 2005).

- Mock-Up Development Specialist (Program N-250 / N-230): Mendukung perancangan arsitektur kabel teknis, instalasi awal, pengujian fungsi, serta koordinasi teknis lintas divisi pada pengembangan prototipe (1994 - 2005).
- Aircraft Maintenance Technician (Divisi ACS): Mengelola perawatan berat (heavy maintenance), inspeksi sistem berkala, perbaikan gangguan teknis, serta dukungan operasional penuh untuk memastikan kesiapan armada (2007 - 2012).

Penugasan Teknis & Proyek Internasional

- **Singapura (Singapore Air Show, 1998):** Display Test Support Specialist untuk presentasi teknologi dan mock-up pesawat N-250 di kancah internasional.
- **Korea Selatan (2002):** Instalasi harness untuk sistem Countermeasures Dispenser System (CMDS) pada armada pesawat CN-235.
- **Italia (Sirio Panel, 2004):** Pelatihan intensif dan pengujian sistem NVG (Night Vision Goggles) Light Testing untuk peningkatan kompetensi pencahayaan taktis pesawat.
- **Burkina Faso (Afrika Barat, 2009):** Lead Technician dalam misi instalasi harness dan pengujian fungsi sistem daya (Power System Functional Test) pada pesawat CN-235.
- **Malaysia (TUDM, 2006):** Menangani dukungan teknis tingkat lanjut untuk sistem Temperature Brake Indicator System pada armada militer.

Workshop Aerospace & Kontrak Spesialis (2014 – 2017)

- **PT Rekatindo / GMF Cengkareng (2016 – 2017):** Engine Exhaust System Workshop - Teknisi Spesialis Pemasangan & Inspeksi Harness
- **PT Derazona Air / Bandara Juanda (2016):** Teknisi Integrasi Sistem Avionik TCAS & GPS pada Pesawat Helikopter Bell
- **PT Indotek / Skadik 14 & 23 Halim (2015 – 2016):** Spesialis Pemasangan Kabel Sistem Komunikasi HF (Pesawat Colibri) & Electronic Flight Instrument System (EFIS) Workshop
- **PT Mayora Indonesia / Cikupa (2014 – 2015):** Teknisi Pemasangan Wiring Harness System Berbasis Automasi PLC Industri

RIWAYAT PENDIDIKAN

- **Sekolah Tinggi Menengah Elektronika Angkasa (STME) (1974 – 1976)** - Fokus pada Bidang Elektronika dan Sistem Kedirgantaraan
- **Sekolah Menengah Pertama VII (1971 – 1973)** - Pendidikan Menengah Pertama
- **Sekolah Dasar Negeri Raya Barat (1965 – 1970)** - Pendidikan Dasar

LISENSI, SERTIFIKASI & DOKUMEN KREDENSIAL

- KARTU LICENSE / LICENSE: Crimping of Electric - PT DI / IAe
- KARTU LICENSE / LICENSE: Electrical Connection 1 & 2 - PT DI / IAe
- SERTIFIKAT: Electrical Bonding and Grounding (Sertifikasi Validasi 2005 & 2006)
- SERTIFIKAT MANUFAKTUR (OEM): Air Data Tester - Smith Industries
- SERTIFIKAT: Training General Dynamic F-16 Electrical Integration
- SERTIFIKAT: Crimping dan Soldering - PT DI / IAe
- SERTIFIKAT: Kejuruan Teknik Aircraft Electricity - PT DI / IAe
- SERTIFIKAT: Sistem Listrik C2 & C4 - PT DI / IAe
- SERTIFIKAT: Human Factor Training & IAe Human Factor Training
- SERTIFIKAT: Training of Trainers (ToT)
